

High Quality Aluminium
Canopies Trays & Toolboxes

Your Ute, Your Business, Our Passion.

The Bull Story

Bull Motor Bodies is Australia's premium supplier of aluminium service bodies, flat trays and tool boxes.

Our success stemmed from the initial desire of its owners in 2003 to build the best range of ute bodies and trays. After five years of operation, an investment was made in powerful 3D automotive modelling software, enabling us to redesign a full range of standardised products.

All of our products are built in one of the most efficient plants in the industry. This ensures that our quality and overall finish are to an exceptionally high standard.

Our work force is highly specialised, enabling each of our workers to concentrate on one job. Most of our competitors build many types of bodies of varying sizes, and their skills are spread too widely, preventing them from really optimizing the design and

Quality

All of our products are designed using state of the art 3D design software. Everything is laser cut and built in jigs ensuring quality, accuracy and repeatability.

Experience

Over the past 15 years we have produced over 6000 canopies for a variety of corporate, fleet and recreational users.

Design

Our passion for design has produced the most innovative, functional and appealing service body range in Australia. We pride ourselves on leading the way.

production of any one model. This also creates a longer lead time and a potential slip in overall quality.

We offer a huge range of internal and external options for clients to 'customise' their bodies to suit individual requirements. We can also develop specific layouts for larger companies, which are then recorded and built to the same spec, on time, every time.

Support

With branches in Western Australia and Queensland we service everyone from Australia's largest fleets to recreational users. All our products are supported through a national network of approved repairers.

Interchangeability

With the ability to refit any Bull Canopy to a new vehicle, irrespective of make or model, Bull Canopies represent a great investment.

Durability

Proven to handle all conditions around Australia whilst remaining waterproof and dustproof.

Leisure Canopies

Our range of products are ideally suited for the leisure and camping market and are able to handle all conditions around Australia.

- Built Tuff
- Guaranteed Weather and Dustproof
- Seals protected by their location inside the canopy
- Fully lockable and secure
- Stylish
- Hundreds of accessories specific for the camping market; fridges, drawer units, etc.

Join hundreds of adventurers around the country who benefit from the Bull Leisure solution.

Trade Canopies

Our vast experience working with trades and fleets across the country means we can provide a tailored solution to suit your needs.

- Work with a product range to suit strict OH&S guidelines
- One stop shop for all vehicle options, internal, external and electrical
- ADR Compliant
- 3D drafting service to help visualise and standardise your light vehicle fleet
- National Repairers Support Network
- Secure, lockable and weatherproof
- Unique mount system to transfer body from one vehicle to another
- Full length single surface door design allows for maximum impact signage

We encourage you to come and tour our factory to experience first hand the quality craftsmanship and attention to detail that goes into each and every canopy.

Let our friendly staff demonstrate our canopies as well as complete solution to suit your needs.

Our factory and administration office are open 8:30am to 4:00pm Monday to Friday.

If you are unable to make it during these times we may be able to demonstrate our canopies onsite.

Your Ute, Your Business, Our Passion.
